### Experience

---

#### Web and App Developer

Aug 2024 – Present

*Own Info Tech Pvt. Ltd., Anandpur Sahib*

- Build and maintain client websites and mobile apps based on project requirements.
- Work on web projects using WordPress, PHP, Laravel, and Next.js with REST API and database integrations.
- Use Cursor and Claude AI daily (1+ year) to build features faster, fix bugs, and research solutions like modern dev teams.
- Deploy projects on Linux servers and improve speed, security, and reliable data handling.

#### Junior Linux Administrator

Jul 2023 – Aug 2024

*KV IT Solutions Pvt. Ltd.*

- Installed and configured Ubuntu servers, Oracle databases, and SSH remote access for production environments.
- Managed web hosting environments using Apache, Nginx, WHM, and cPanel for multiple client websites.
- Configured domains, DNS records, SMTP, firewalls, and server security policies.
- Provided infrastructure support and performance monitoring for production servers.

### Projects

---

#### HimachalGovt.com

*PHP, Tailwind CSS, JavaScript, WordPress CMS*

- Built and launched a public website for Himachal Pradesh using WordPress, PHP, Tailwind CSS, and JavaScript.
- Hosted on a Linux VPS with SEO setup using Google Analytics, Search Console, and Ads.

#### Titan Drilling Mobile App

*React Native, Node.js, Express, MongoDB, Firebase*

- Built a field operations mobile app and Node.js backend for inspections, HSE forms, job cards, and incident reports.
- Added offline sync, PDF reports, email alerts, and role-based access for production teams.
- Improved search, KPI views, and API performance for large report datasets.

### Education

---

#### Bachelor of Technology (B.Tech) in Computer Science Engineering

2018 – 2022

*I.K. Gujral Punjab Technical University (PTU)*

*CGPA: 7.5*

### Interests

---

App Development   Web Development   Learning New Technologies
